Engineering Education & Leadership

Return to: College of Engineering (http://catalog.utep.edu/grad/college-of-engineering/)

Vision
Engineering Education & Leadership seeks to redefine engineering education while graduating engineers with diverse technical knowledge that are prepared to take on leadership roles.

Mission
The Engineering Education & Leadership program seeks to develop deep and varied technical knowledge as well as leadership capacity by:

• Providing an open learning experience centered on project based learning and student autonomy.
• Developing a community based culture where students can feel comfortable interacting with each other as well as their professors both in and out of the classroom.
• Providing them with the opportunity to take part in experiences that transcend academics and develop skills, knowledge, and attitudes that are not taught within the classroom.
• Conducting research that improves and advances engineering education.

Chair
Roger Gonzalez (http://facultyprofile.utep.edu/default.aspx?ID=rvgonzalez)
Contact Information: rvgonzalez@utep.edu (mtcortez@utep.edu); 915-747-5905
Education: BS, The University of Texas at El Paso; MS, The University of Texas at Austin; Ph D, The University of Texas at Austin

Programs

Master of Science
• M.S. in Engineering (http://catalog.utep.edu/grad/college-of-engineering/engineering-education-leadership/engineering-ms/)

Certificate
• Graduate Certificate in Engineering Education (https://testcatalog.utep.edu/grad/college-of-engineering/engineering-education-leadership/engineering-education-graduate-certificate/)
• Graduate Certificate in Innovation and Entrepreneurship (https://testcatalog.utep.edu/grad/college-of-engineering/engineering-education-leadership/innovation-entrepreneurship-graduate-certificate/)
