3 Lecture Hours

0 Other Hours

Prerequisite(s): (TED 5304 w/B or better)

BED 5338. Place, Practice, & Identity.

How powerful is the physical space in which teaching and learning occurs outside the mind? How can educators design such spaces? This course explores these questions and more by considering how social settings, networks, and communities of practice - and the roles that members in these settings - influence how students engage in particular practices and learn new ways of thinking and being. Particular emphasis on specific student populations under study include Latinos, and those defined as marginalized for this course, including emerging bilinguals, migrants, immigrants, and others. Prerequisite: BED 5331 with a grade of C or better. Restricted to Level of DR, GR.

Prerequisite(s): (BED 5331 w/C or better)

BED 5339. Acad Language in DL Settings.

Academic Language in Dual Language Settings Educators must be knowledgeable about creating learning environments that foster the development of academic language, particularly among bilingual students and English language learners. In this course, students will a)develop an understanding of language and literacy as simultaneously linguistic, cognitive and socio-cultural phenomena; b) use functional theories of language to understand language use in academic settings, c) build awareness and expertise in recognizing and analyzing academic language, and d) create pedagogical approaches to build academic language, with an emphasis on Dual Language Settings.

Prerequisite(s): (BED 5335 w/B or better)

BED 5340. Capstone Course for DL Edu..

Capstone Course for Dual Language Education The course has two major components. One is the field experience component, which involves designing and implementing lessons with K-12 students in a Dual Language setting. The second component is students' documentation of their learning in an electronic portfolio. It will include students' experiences through the coursework, observations, field experiences, and reflections aligned to the program objectives. The portfolio will be produced and disseminated electronically. Students will present the portfolio as part of the capstone course. For the field experience component students will learn how dual language is implemented in real-world settings. Students are expected to observe and correlate practices of dual language education with the theories and methods studied in their coursework.

BED 6300. Borderlands Lang Acq & Comp Id.

Borderlands Language Acquisition and Competing Ideologies: This course provides an exploration of foundational theories of language acquisition in educational practice in bilingual/multilingual settings. Theories and research methodologies will be applied to study and explain empirical data in language acquisition. Language ideologies, tensions and dynamic debates in the fields of bilingual education, language acquisition, and literacy/biliteracy studies will be examined.

BED 6314. The Ethnography of Lan and Lit.

This course looks at the ways in which language is used in educational and community settings, as well as the processes by which people acquire and learn multiple literacies, both in and out of school. It explores sociocultural theories that situate languages and literacies within their historical, cultural, and institutional contexts. Students will learn to conduct ethnographic research on themes such as these, using the techniques of participant observation, interviewing, and document analysis.

Major Restrictions:

Restricted to majors of TLC

BED 6315. Discursive Practices in Educ.

This course involves an intensive investigation of the social nature of language and interaction, looking closely at questions of learning and the ways in which cognition is socially distributed. Students will seek to understand how social identities are constructed and performed in discourse communities; they will explore the linguistic foundations for a theory of practice; and they will examine discursive resources and language socialization. This course will involve the analysis of linguistic and sociocultural qualitative data in education, using published studies as well as original data. Restricted to level of DR.

BED 6331. Crit Persp of Dual Lang Bil Ed.

Critical Perspectives of Dual Language Bilingual Education: This course provides an exploration of the evolution of bilingual education in the United States. It covers a comprehensive and interdisciplinary examination of Dual Language Bilingual Education (DLBE) in addressing inequities in the education of Emergent Bilinguals, and the critical role of leadership in its implementation for sustainability. The course includes discussions of various theoretical perspectives, policies, and practices endemic to DLBE leadership and within the various research methodologies.
