Extended University

Extended University (EU) is UTEP’s gateway to students and communities near and far. Extended University serves as the hub for non-traditional academic programs, professional training and education, and community enrichment.

Through UTEP Connect, EU works with the university's academic colleges to coordinate and manage UTEP’s rapidly growing portfolio of fully online degree and certificate programs. EU also houses UTEP’s Office of Professional and Public Programs (P3), which provides everything from customized training for businesses, government, and non-profits to personal enrichment courses ranging from archery to yoga.

Extended University’s mission is to expand UTEP’s reach beyond its beautiful desert campus to the Paso Del Norte region and the world beyond. We see opportunities to educate adult learners and military personnel, train corporate and government leaders, and enrich the lives of children and older adults through our broad array of credit and continuing education courses and programs. We strive to live up to our name—Extended University—by increasing access to UTEP’s outstanding educational opportunities for all who seek them out.

Office of the Dean

Professional and Public Programs (https://www.utep.edu/extendeduniversity/professional-and-public-programs/)

The office of Public and Professional Programs provides everything from customized training to businesses, government, and non-profits to personal enrichment courses ranging from archery to yoga.

Center for Instructional Design (http://www.utep.edu/extendeduniversity/cid/)

The Center for Instructional Design is focused on providing research-based best practices in instructional design and development as well as instructional technology solutions that can help faculty members and instructors maximize their students’ learning experience. In addition to working with faculty on developing online and hybrid courses, the CID team trains faculty on emerging technologies and instructional resources used to effectively manage or enhance all types of teaching.

Osher Lifelong Learning Institute (https://www.utep.edu/olli/)

The Osher Lifelong Learning Institute (OLLI) provides learning opportunities to enhance the enjoyment, meaning, and direction of adult lives as well as the health and well being of adults. OLLI seeks to develop a community of older learners on the UTEP campus in a relaxed and informal atmosphere.
