The Department of Art works closely with the Stanlee and Gerald Rubin Center for the Visual Arts, which includes three galleries and lecture hall, and exhibits. The Rubin Center is the only dedicated contemporary arts institution in the El Paso / Juárez region. Since its founding in 2005, it has developed a reputation for excellence in the field, producing more than 150 original exhibitions and site-specific commissions with a risk-taking roster of international artists, overwhelmingly centering Latinx and Latin American voices.

UTEP art students have the opportunity to pursue studies in a rich and diverse curriculum comprised of advanced technologies, contemporary art practice, theory and criticism, and traditional crafts. With programs taught by distinguished faculty in art education, art history, ceramics, drawing, graphic design, metals, painting, printmaking, and sculpture, students can explore a personal vision through virtually any medium via these nine disciplines.
