

BS in Biological Sciences

Requirements for the BS degree in Biological Sciences consist of the general College of Science requirements: completion of at least 120 semester credit hours, a minimum of 37 of which must be in upper-division coursework and completion of the University's General Education Core, which includes mathematics requirements MATH 1411. In addition, MATH 1312 or STAT 2480 is required.

Fast Track

The Fast-Track Program (<http://catalog.utep.edu/admissions/undergraduate/fast-track/#text>) enables outstanding undergraduate UTEP students to receive both undergraduate and graduate credit for up to 15 hours of UTEP course work as determined by participating Master's and Doctoral programs.

Not all undergraduate programs have elected to participate in the Fast Track option, so students should see their departmental graduate advisor for information about requirements and guidelines. A list of courses that have been approved for possible use at the graduate level is found here (<http://catalog.utep.edu/admissions/undergraduate/fast-track/#fasttrackcoursestext>).
