Prerequisite(s): (BED 4340 w/C or better)

BED 4345. Biliteracy Development.
Develops an understanding of the first and second language acquisition, its stages and conventions. Integrates this knowledge base and applications in the interrelated components of reading and writing across all developmental stages. In addition, develops a knowledge base of the principles, components, and stages of reading development for children who develop literacy in two languages. Integrates strategies to build on the linguistic knowledge that children bring in their first language in order to teach them a concept not yet developed. Taught in Spanish.

BED 4393. Intern Dual Language Educ I.
Internship in Dual Language Education I (3-0-10) As part of the internship, students enroll in Internship I of the field-based program. They are grouped in cohorts, assigned to dual language programs in early or primary grades (EC-4) and scheduled all morning or all afternoon throughout the semester. In addition to classroom teaching duties, interns are enrolled in university classes and Internship Seminars that help them apply their theoretical understandings to actual practice. The fieldwork consists of assisting in student-centered classroom instruction.

BED 4394. Intern Dual Language Educ II.
Internship in Dual Language Education II (3-0-20) A continuation of BED 4393. Students enroll in Internship II of the field-based program and participate in student-centered classroom instruction as members of the instructional team. In addition to classroom teaching duties, interns are enrolled in university classes and Internship Seminars that help them apply their theoretical understandings to actual practice. Interns demonstrate that they can synthesize the knowledge, values, and experiences of earlier semesters in developing an effective professional style. Interns are scheduled 3 times a week throughout the semester.
