SPED 4360. Sr Proj: Pedagogy & Community.
This course is designed to fulfill the senior capstone requirement in Pedagogy & Community Studies. The course will cover different approaches to community-based educational research, with an emphasis on participatory action research and project evaluation. Building upon acquired research skills and evolving interests, students will conduct an independent research project in partnership with a community-based educational organization. Course meetings will provide a thematic focus as well as a forum for both support and constructive feedback from peers, in preparation for students' public presentations of their research projects at the close of the semester.

SPED 4393. Intern in Special Ed I.
Internship in Special Education I (3-0-30) As part of the internship, students enroll in Block I of the field-based program. They are assigned to either an elementary (EC-4), middle school (4-8) or high school program for students with disabilities and scheduled all morning or all afternoon throughout the semester. Interns divide their time between fieldwork and university classes.

SPED 4394. Intern in Spec ED II.
Internship in Special Education II (3-0-30) Students enroll in Block II of the field-based program and participate as members of the instructional team. This internship will be with a different age group and type of disability from the first internship. In addition to classroom teaching duties, interns are enrolled in university classes that help them apply their theoretical understandings to actual practice. Interns demonstrate that they can synthesize the knowledge, values, and experiences of earlier semesters in developing an effective professional style. Interns are scheduled all day throughout the semester.

SPED 4691. Student Teaching in Spec Ed.
Students seeking a Special Education certification in the teacher preparation program enroll in SPED 4691 for required student teaching, which is the culmination of the program. Student teachers will spend half of their student teaching experience at the primary level and half at the secondary level. Fieldwork consists of assisting in student-centered classroom instruction for a minimum of fifteen consecutive weeks for the entire school day. Successfully passing the state Content area and the Pedagogy & Professional Responsibilities (PPR) exams is a prerequisite.
