Speech & Language Pathology Courses

Courses

SPLP 1300. Introduction to Sign Language.
Introduction to Sign Language (3-0) A beginning course in sign language, including fingerspelling and the system of signed English.
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

SPLP 1312. Survey of SH & L Disorders.
Survey of Speech, Hearing and Language Disorders (3-0) A survey of disorders associated with the five parameters of communication: audition, articulation, voice, fluency, and language. Course includes discussion of the professional aspects of speech-language pathology and audiology.
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

SPLP 2313. General Phonetics.
General Phonetics (3-0) Principles of speech sound production, their acoustic correlates, and their perception. Instruction in the use of the international phonetic alphabet is included with application to communication disorders.
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

SPLP 2320. Hearing Science.
Hearing Science (3-0) Anatomy and physiology of the auditory mechanism and the nature, measurement and psychoacoustics of sound.
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

SPLP 3310. Language Development.
Language Development (3-0) Theory and chronology of speech and language acquisition with emphasis on the cognitive and physiological correlates of language as related to communication disorders. Cultural impacts on language development and usage are discussed.
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Anatomy and Physiology of the Speech Mechanism (3-0) The anatomical and physiological bases of speech. Emphasis is placed on respiration, phonation, resonance, articulation, and deglutition.
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours
SPLP 3313. Disorders Articulation/Phonol.
Disorders of Articulation and Phonology (3-0) A study of disorders of articulation and phonology in children and adults including characteristics, causes, and procedures for diagnosis and treatment.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Prerequisite(s): (SPLP 1312 w/C or better ) OR (SPLP 2310 w/C or better ) AND (SPLP 2313 w/C or better ) OR (SPLP 1310 w/C or better ) AND (SPLP 3312 w/C or better)

SPLP 3314. Lang Disor/Pre-Sch Children.
Language Disorders in Pre-School Children (3-0) Theoretical foundations, diagnosis, and intervention for language impairments in pre-school populations. Multicultural issues related to language disorders in this population are discussed.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Prerequisite(s): (SPLP 3310 w/C or better ) OR (SPLP 3315 w/C or better ) AND (SPLP 2313 w/C or better ) OR (SPLP 1310 w/C or better ) AND (SPLP 1312 w/C or better ) OR (SPLP 2310 w/C or better ) AND (SPLP 3312 w/C or better)

SPLP 3318. Prin of Clinical Management.
Principles of Clinical Management (3-0) Preparation of diagnostic reports, treatment plans, and other written documentation of client performance and progress. The treatment sequence, ethical decision making, universal precautions for infection prevention, and the team approach to treatment are also discussed. Completion of 25 clock hours are supervised clinical observation.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Prerequisite(s): (SPLP 3310 w/C or better ) AND (SPLP 3312 w/C or better ) AND (SPLP 3313 w/C or better ) AND (SPLP 3314 w/C or better ) AND (SPLP 2313 w/C or better ) OR (SPLP 1310 w/C or better ) AND (SPLP 1312 w/C or better ) OR (SPLP 2310 w/C or better)

SPLP 4120. Ind Study in SPLP & Audiology.
Individual directed study. May be repeated when topic varies.

1 Credit Hour
1 Total Contact Hour
0 Lab Hour
0 Lecture Hour
1 Other Hour

SPLP 4220. Ind Study in SPLP & Audiology.
Individual directed study. May be repeated when topic varies.

2 Credit Hours
2 Total Contact Hours
0 Lab Hour
0 Lecture Hours
2 Other Hours

SPLP 4309. Audiology.
Audiology (3-0) The study of hearing and hearing disorders with an emphasis on the basic audiological test battery.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Prerequisite(s): (SPLP 2320 w/C or better)
SPLP 4310. Aural Rehabilitation.
Aural Rehabilitation (3-0) This course is an introduction to aural rehabilitation of adults and children. Included is information regarding the identification, assessment, and remediation of hearing loss.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Classification Restrictions:
Restricted to class of JR,SO,SR

Prerequisite(s): (SPLP 4309 w/C or better)

Fundamentals of Speech Science This course will address the scientific principles that underlie normal speech production. Basic principles regarding how the speech signal is generated, properties and interpretation of the acoustic waveform, acoustic phonetics, and theories of speech perception will be covered. Equipment and methods used to measure and analyze respiratory, laryngeal, articulatory and acoustic components of speech will be discussed. Students projects will include the application of speech instrumentation. Some discussion of the application of concepts to various speech disorders will also be included.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Major Restrictions:
Restricted to majors of SPLP

Prerequisite(s): (SPLP 2313 w/C or better ) AND (SPLP 3312 w/C or better ) AND (SPLP 4309 w/C or better)

SPLP 4312. Neural Bases of Speech and Language.
Neural Bases of Speech and Language (3-0) Study of neuroanatomical and neurophysiological mechanisms related to speech and language.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Prerequisite(s): (BIOL 2311 w/C or better ) AND (BIOL 2111 w/C or better ) AND (SPLP 3312 w/C or better)

SPLP 4320. Independent Study/SLP&A.
Independent Study in Speech, Hearing and Language Disorders (3-0) Individual directed study. May be repeated when topic varies.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
0 Lecture Hours
3 Other Hours

SPLP 4340. Clinical Practicum Audiology.
Clinical Practicum in Audiology (0-0-3) Supervised practicum in audiology.

3 Credit Hours
3 Total Contact Hours
0 Lab Hours
0 Lecture Hours
3 Other Hours

Prerequisite(s): (SPLP 4309 w/C or better ) AND (SPLP 2320 w/C or better)
