The University of Texas at El Paso Tuition and Fee Information

Pursuant to state law, The University of Texas System Board of Regents (the Board) is authorized to set tuition. Tuition and fees are subject to change
by legislative or regental action and become effective on the date enacted. The Texas Legislature does not set a specific amount for any particular
student fee. The student fees assessed are authorized by state statute; however, the specific fee amounts and the determination to increase fees are
made by UTEP administration and The University of Texas System Board of Regents. The Board will consider proposed tuition and fee increases at
an upcoming meeting. The tuition rates for this academic year will be set after the Board meets. The student's estimated tuition bill will be available at
that time. The student's actual tuition bill will be distributed in July of this year. Registration will not be completed until tuition has been paid. Policies
governing payment or refund of tuition, fees and other charges are approved by the Board of Regents of The University of Texas System and comply
with applicable state statutes.

UTEP now offers two tuition rate plans:

• Traditional Rate Plan
• Guaranteed Rate Plan (Optional - students must opt-in)

For more information about these plans and the current Tuition and Fee schedules, please visit the Student Business Services website: http://sbs.utep.edu. For additional information, please contact the Student Business Services Office at 915.747.5116.

1. Two or more baccalaureate degree programs at the same time.
2. A double-major degree program that requires 130 or more semester credits for completion.
3. A health-professional baccalaureate degree program.

In determining whether the student has previously attempted 170 or more semester credit hours, the following credit hours will not be counted:
1. Semester credit hours earned by the student while the student was classified as a nonresident or foreign student for tuition purposes.

Miner Gold Card

The Miner Gold card is the official identification (ID) card of the University of Texas at El Paso. The Miner Gold card is the property of the University and is non-transferable. All students must carry their Miner Gold cards at all times while on University property in order to obtain services.

The Miner Gold card is issued to all students who are enrolled in at least one credit hour. A current photo ID (e.g. driver's license, state ID, or passport) must be presented before a Miner Gold card is issued. The Miner Gold card remains active as long as the student is enrolled in courses at UTEP. No article of clothing or accessory including a hat or sunglasses can be worn on the student's head when the ID card photograph is taken.

All first-time students will be assessed a one-time, non-refundable $10.00 fee for the ID card. Any card rendered unusable, damaged, lost, or stolen will be assessed a $20.00 fee. A new photo will be taken every time a card is re-issued.

Various debit-declining balance plans can be utilized by Miner Gold card holders. Enrollment in these plans is automatic: participation is optional.

The University reserves the right to modify or change any or all parts of the Miner Gold card at any time. The Miner Gold card must be surrendered to University officials upon request.

This privilege applies to the veteran only and not anyone else driving the vehicle. This parking privilege does not apply to (1) a parking space or area located in a controlled access parking facility if at least 50 percent of the number of parking spaces or areas designated specifically for persons with physical disabilities on the property of the institution of higher education are located outside a controlled access parking facility; (2) an area temporarily designated for a special event parking; or (3) an area where parking is temporarily prohibited for health or safety concerns.

**Complete Withdrawal (by Parts of Term)**
Refunding of applicable tuition and fees for complete withdrawals (by parts of term) will be made under the following conditions:

UTEPA will refund tuition, fees, and charges paid by a sponsor, donor, or scholarship back to the source rather than directly to the student who has withdrawn, if the funds were made available through the institution.

**Note:** The percentage of refund is based on the total tuition, and mandatory and incidental fees assessed, not on the amount paid. Unless the student withdraws completely from school prior to the first official class day, the student is responsible for a percentage of total tuition and mandatory and incidental fees assessed. Students should contact the Student Business Services Office at sbs.utep.edu or 915.747.5116 with any questions.

**Dropped Course(s) - Drop refers to dropping course(s) and still being enrolled in at least one other class during same part of term.**

For terms of five weeks or less, please refer to the official registration calendar online (https://asap.utsa.edu/terms.htm) for the specific semester in which the drop occurs.

Return of Title IV Aid (R2T4) Policy

I. Purpose

The Return of Title IV policy is to establish the processes for returning federal funds for students who completely withdraw from the institution and/or withdraw from all courses in a given period of enrollment. As defined by the U.S. Department of Education, these students must have a Return of Title IV Funds (R2T4) calculation performed to determine the percentage of aid earned based on the amount of time the student was enrolled at the Institution.

II. Institutional and Student Responsibilities

The University of Texas at El Paso (UTEP)’s responsibilities in regards to the Return of Title IV funds:

1. To provide each student with the information in this policy;
2. To identify students affected by this policy and completing the Return of Title IV Funds (R2T4) calculation;
3. To inform the student of the result of the R2T4 calculation and any balance owed to the University of Texas at El Paso (UTEP) as a result of a required return of funds;
4. To return any unearned Title IV aid that is due to the Title IV programs and, if applicable, notifying the borrower’s holder of federal loan funds of the student’s withdrawal date;
5. To notify student and/or PLUS loan borrower of eligibility for a Post- Withdrawal Disbursement, if applicable.

Student’s responsibilities in regards to the Return of Title IV funds:

1. Becoming familiar with the Return of Title IV Funds (R2T4) policy and how withdrawing from all courses affects eligibility for Title IV aid;
2. Resolving any outstanding balance owed to the University of Texas at El Paso (UTEP) resulting from a required return of unearned Title IV aid;
3. Resolving any repayment to the U.S. Department of Education as a result of an overpayment of Title IV grant funds.

III. Withdrawals and Financial Aid

Federal Financial Aid (Title IV aid) is awarded under the assumption that a student will remain in attendance for the entire period of enrollment for which aid was awarded. When a student withdraws from all courses, regardless of the reason, the student may no longer be eligible for the full amount of the federal financial aid originally awarded. Instead, the student will only be eligible to keep a portion of the federal financial aid the student received for that term (semester).

Therefore, students who receive federal financial aid and who do not remain in attendance through the end of the term could be responsible for repaying a portion of the financial aid originally received.

Federal regulations require a recalculation of financial aid eligibility if a student:

- Completely withdraws from all classes;
- Stops attending before the semester’s end;
- Does not complete all parts of term (modules) in which the student is enrolled as of the start date of the period of enrollment; or
- Fails to earn a passing grade in any class

Note: UTEP’s institutional tuition refund policy is separate from the federal R2T4 regulations to return unearned aid. Even though a student may receive a tuition/fee refund from UTEP, the student may still be required to return unearned financial aid to the U.S. Department of Education.

IV. How to Calculate Earned Aid

Students who receive federal financial aid must remain in their registered classes to “earn” the aid they originally received. The amount of federal aid earned is based on a pro-rated formula. Students who withdraw or do not complete all classes in which they were enrolled may be required to return some of the aid originally awarded to the student.

Institutions, in accordance with federal regulation 34 CFR 668.22, are required to determine the percentage of federal aid “earned” and return the “unearned” portion to the appropriate federal aid programs. The following explains the formula used to determine the percentage of unearned aid to be returned to the federal government:

- The percent earned is equal to the number of calendar days completed up to the student’s withdrawal date divided by the total number of calendar days in the period of enrollment.
- Breaks of 5 days or more are not included in the count of total days in the period of enrollment.

This calculation must be performed within 30 days of the date the school determines that a student has completely withdrawn. The institution must return the unearned funds within 45 days of the calculation.

When calculating the percentage the student completed in the period of enrollment, if a student attended more than 60% of the period of enrollment, the student is considered to have earned 100% of the Title IV When calculating the percentage the student completed in the period of enrollment, if
a student attended more than 60% of the period of enrollment, the student is considered to have earned 100% of the Title IV funds the student was scheduled to receive during that period.

**Institutional Charges**

The institutional charges used in the calculation are the charges initially assessed the student’s account for the period of enrollment. Initial charges may only be adjusted by those changes the institution made prior to the student’s withdrawal. The items to be included in the institutional charges for the period of enrollment include:

- Tuition
- Mandatory fees
- Course fees
- Special instruction fees
- Room and board (if contracted within the school)

The charges excluded from institutional charges for the period of enrollment include, but are not limited to:

- Parking permits
- Library fees
- Late payment fees
- Student refunds
- Meal plans
- ID card replacement fee
- Emergency Payment Plan fee
- Payment Plan fee
- Emergency Book Loan fee
- Housing damage
- Housing lock fee
- Housing deposit

**V. Students Enrolled in Parts of Term (Modules)**

For students that may be enrolled in multiple parts of terms, UTEP will combine all courses to form a period of enrollment. The R2T4 is calculated based on the parts of terms within the enrollment period.

A student is considered withdrawn if the student does not complete all of the days in the period of enrollment that the student was scheduled to complete. For example, if a student is enrolled in a Summer I course and a Summer II course, the student’s period of enrollment is from the date Summer I begins to the last date of Summer II. If the student completes Summer I and does not attend the Summer II course, the student will be considered a complete withdrawal. UTEP will track enrollment in each part of term to determine if the student began enrollment in all scheduled courses.

If a student withdraws from a course in a later part of term while still attending a current part of term, the student is not considered as withdrawn based on not attending the later part of term. However, a recalculation of aid based on the change in enrollment status may be required.

Students who provide written confirmation to the Office of Student Financial Aid (OSFA) at the time of ceasing attendance in a part of term that they plan to attend another course later in the same payment period are not considered to have withdrawn from the term. Note: Written confirmation of a later class is required; registration alone does not meet this requirement. If the student does not provide written confirmation of plans to return to school later in the same payment period or term, UTEP considers the student to have withdrawn and begins the R2T4 process. However, if the student does return to UTEP in the same term, even if they did not provide written confirmation of plans to do so, the student is not considered to have withdrawn and is eligible to receive the Title IV funds for which the student was eligible before ceasing attendance.

**VI. When a Student Fails to Begin Attendance**

Students who do not begin attendance in their scheduled classes are not eligible for federal financial aid and must repay all aid originally received. If the student does not pay the funds owed to UTEP, a financial hold is placed on the student’s account by Student Business Services. This means he/she will not be permitted to register for classes or receive transcripts until the amount owed to UTEP is paid in full.

**VII. Official Withdrawals**

a) Reporting

Each week, on Monday, an automated report is generated and sent to the Financial Aid Compliance Manager and to the Financial Aid Information Analyst. The report is used to identify those students whom have officially withdrawn from all of their Title IV eligible courses in the period of enrollment. The Financial Aid Compliance Manager is the primary specialist for all R2T4’s.
b) Students Withdrawing Prior to Census

A student may add and/or remove courses before the census date. During this period, the OSFA will adjust the student's financial aid according to the student's new enrollment status in the period of enrollment.

VIII. Official Withdrawals

1. The student submits a completed Withdrawal Form to the Registration and Records Office at UTEP.
2. The Registration and Records Office will update Banner to reflect the type of withdrawal (prior to census, after census, administrative withdrawal, military, etc.) and will enter the date of the withdrawal.
3. UTEP’s OSFA will complete an R2T4 calculation to determine the amount of federal financial aid the student earned.
4. UTEP’s OSFA will return funds to the federal programs, in the order according to federal regulations, on the student’s behalf and the return will reflect as a charge on the student’s UTEP account.
5. OSFA will send an e-mail notification to the student’s UTEP e-mail address indicating the outcome of the R2T4 calculation including additional information regarding repayment.
6. The student is responsible for any and all UTEP charges resulting from an R2T4 calculation.

IX. Unofficial Withdrawals

The University of Texas at El Paso is not required to take attendance. Therefore, if the student has not earned a passing grade in any class and the OSFA is unable to determine the last date of attendance, the OSFA will use the 50% point of the period of enrollment as the withdrawal date.

a) Reporting

At the end of the main part of term (semester) and after grades are officially posted, a report is created to identify those students whom did not earn a passing grade. This report will include the following grades N, F, W, F*, NC, WC, I, I*, U*, U, WF. The report is sent to the Financial Aid Compliance Manager and the Financial Aid Information Analyst.

b) Earned F Grade vs Stopped Attending F Grade

For students who received one or more F grades, the SHATCKN Banner screen will be reviewed to identify if the student earned the F grade, if the student stopped attending or never attended.

- If at least one F grade is listed as “EF” (student earned F), the OSFA will not complete an R2T4 calculation because the faculty member confirmed the student attended until the last day of class to earn the F grade.
- If one or more F grades are listed as “SA” (student stopped attending) and there are no earned F’s or any passing grades, the OSFA will consider the student as an unofficial withdrawal because the student did not successfully complete at least one course in the period of enrollment. OSFA will use the 50% point as the withdrawal date for these students.
- If one or more F grades are listed as “NA” (student never attended), the OSFA will recalculate the student’s awards prior to completing the R2T4 calculation.
- If all F grades are listed as NA (student never attended), the OSFA will return all aid at 100% since the student never began classes.

If a student has a “stopped attending” F grade but completed more than 50% of the period of enrollment, the student may submit to OSFA, documentation pertaining to an academically related activity to use as the withdrawal date. An academically related activity may include, but is not limited to, taking a test or exam, attending a class lecture; completing an academic assignment, paper, or project; or participating in an online discussion. Any academically related activity must be signed off by the instructor prior to submitting the documentation to the OSFA in order to be accepted.

Documentation that is not acceptable as proof of participation self-certification of attendance that is not supported by school documentation, living in UTEP housing, participating in the school’s meal plan, or participating in academic counseling or advising.

X. Order of Return to Federal Aid Programs

UTEP must return Title IV funds to the financial aid programs from which the student received aid during the payment period or period of enrollment, in the following order, up to the net amount disbursed from each source:

1. Federal Direct Unsubsidized Loan
2. Federal Direct Subsidized Loan
3. Federal Perkins Loan
4. Federal Direct PLUS Loan
5. Federal Pell Grant
6. Federal Supplemental Educational Opportunity Grant (FSEOG)
7. Teacher Education Assistance for College and Higher Education (TEACH) Grant
8. Iraq and Afghanistan Service Grant
XI. Loan Repayment Information
The loan grace period begins on the withdrawal date from the school or when a student ceases to be enrolled at least half-time. If the student does not re-enroll as a half-time student within 6 months of withdrawal or less than half-time enrollment, the loan(s) enters repayment. The promissory note signed by the borrower outlines the repayment obligations. The student should contact his/her loan servicer to make repayment arrangements.

XII. Post-Withdrawal Disbursements (PWD)
A post-withdrawal disbursement may be required if the total amount of the Title IV aid earned as of the withdrawal date is more than the amount that was disbursed to the student. To be eligible to receive a post-withdrawal disbursement, students must have a complete financial aid file (verification completed and all tracking requirements satisfied) and meet all eligibility requirements.

a) Grant PWD
Grants from a PWD may be credited to the student’s school account without obtaining student permission. However, it may only be credited for tuition, fees, and room and board (if the student contracts with the school) or disbursed directly to the student. UTEP must obtain the student’s authorization to credit a student’s school account for charges other than current charges.

b) Loan PWD
The University must obtain confirmation from the student, or from a parent for a Direct Parent PLUS Loan, before making any disbursement of loan funds. Also, for a Direct Loan, the institution must have originated the loan prior to the withdrawal.

XIII. Consequences of Non-Repayment
Students who owe the U.S. Department of Education for an overpayment of Title IV funds are not eligible for any additional federal financial aid until the overpayment is paid in full or payment arrangements have been made with the U.S. Department of Education.

Students who owe UTEP because of an R2T4 calculation will be placed on a financial hold by Student Business Services. Students will not be allowed to register for subsequent semesters or receive academic transcripts until the balance is paid in full or until payment arrangements have been made with Student Business Services.

In addition, at the time the R2T4 calculation is completed, if the student received Federal Direct Loans, the OSFA will notify students of the federal Loan Exit Counseling requirements.

XIV. Future Eligibility
A withdrawal may affect a student’s completion rate. Please refer to the OSFA’s Satisfactory Academic Progress (SAP) Policy for additional information.

XV. R2T4 Deadlines
a) Withdrawal date of determination without notification:
   • 30 days after the end of the term
b) Return of unearned Title IV funds:
   • No later than 45 days after the date the OSFA determines the student withdrew
c) Post-withdrawal disbursement for outstanding current allowable charges:
   • No later than 180 days after the date the OSFA determines the student withdrew
d) Written notification to students to accept PWD for loans:
   • Within 30 days of the school’s determination that the student withdrew
e) Post-withdrawal disbursement to the student:
   • From the date school determined student withdrew:
     • Loans - No later than 180 days, and
     • Grants - No later than 45 days

XVI. Quality Assurance
All official and unofficial R2T4’s will be subject to review for accuracy by management.

NOTE: This policy is subject to immediate revision based on any changes made to federal laws and regulations. If changes are made, the student will be held to the most current regulations.

**Tuition Limit in Cases of Concurrent Enrollment**

When a student registers at more than one public institution of higher education at the same time, tuition charges shall be determined in the following manner (Texas Education Code, section 54.011):

1. The student shall pay the full tuition charge to the first institution at which the is student is registered; and in any event the student shall pay an amount at least equal to the minimum tuition specified in this code.
2. If the minimum tuition specified in this code for the first institution at which the student is registered is equal to or greater than the minimum tuition specified in this code for the second institution at which the student is registered concurrently, the student shall not be required to pay the specified minimum tuition charge to the second institution in addition to the tuition charge paid to the first institution, but shall pay only the hourly rates, as provided in this code, to the second institution.
3. If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified minimum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between the
student's total tuition charge at the second institution and the student's total tuition charge at the first institution, but in no case shall the student pay to the second institution less than the hourly rates as provided in this code.

4. If a student is considered to be a Texas resident and therefore qualified to pay Texas resident tuition rates by one institution at which the student is registered, the student shall be considered a Texas resident at each of the institutions at which the student is concurrently registered for the purposes of determining the proper tuition charges. Nothing in this subsection shall be so construed as to allow a nonresident to pay resident tuition except at institutions covered by Section 54.231 of this code.

Tuition Rebates and Other Assistance for Certain Baccalaureate Recipients

The Texas Legislature has authorized a $1,000 tuition rebate for students who complete baccalaureate degrees with no more than three credits in excess of those required for their degrees. The purpose of the program is to provide a financial incentive for students to prepare for university studies while completing their high school work, to avail themselves of academic counseling, make early career decisions, and complete their baccalaureate studies with as few courses outside the degree plan as possible. Minimizing the number of courses taken by a student results in financial savings to students, parents, and the state.

The Texas Education Code, Section §54.0065, authorizes UTEP to provide a tuition rebate to students who:

1. Enrolled at UTEP for the first time in the fall semester of 1997 or later.
2. Have requested a rebate for semester credit hours achieved toward their first baccalaureate degree.
3. Have been a Texas resident at all times while pursuing the baccalaureate degree;
4. If enrolled for the first time in fall 2005 or later, graduate within four calendar years with a four-year degree or within five calendar years with a five-year degree (if the degree is in architecture, engineering, or any other program determined by the Board to require more than four years to complete).
5. Have attempted no more than three hours in excess of the minimum number of semester credit hours required to complete the degree in the catalog under which they graduated. Hours attempted include transfer credits, course credit earned exclusively by examination (except that, for the purposes of this program, only the number of semester credit hours earned exclusively by examination in excess of nine semester credit hours is treated as hours attempted), courses dropped after the official census date, for-credit developmental courses, optional internship and cooperative education courses, and repeated courses. Courses dropped for reasons that are determined by UTEP to be totally beyond the control of the student shall not be counted.
6. Have applied for rebates prior to receiving their baccalaureate degrees.

Teaching Certificates

For purposes of the $1,000 tuition rebate, regarding students concurrently earning a baccalaureate degree and a Texas teaching certificate. Required teacher-education courses shall not be counted to the extent that they are over and above the free electives allowed in the baccalaureate degree program.

Tuition Rebates

Tuition rebates shall be reduced by the amount of any outstanding student loan, including an emergency loan, owed to or guaranteed by the state, including the Texas Guaranteed Student Loan Corporation.

For more details about the Tuition Rebate Program, eligibility, and responsibilities, students should contact the Registration and Records Office, Academic Services Building, Room 123 915.747.5544. Further information on the Tuition Rebate Program can be found at www.thecb.state.tx.us/rules/13/13F.htm and www.capitol.state.tx.us (http://www.capitol.state.tx.us/).

3. If the minimum tuition specified in this code for the first institution at which the student is registered is less than the specified minimum tuition charge at the second institution (that is, if the second institution has a higher minimum tuition charge specified in this code), then the student shall first...
register at the institution having the lower minimum tuition and shall pay to the second institution only the amount equal to the difference between the

subsequently honored by payee's bank, the fault not being that of the bank, can be withdrawn from the University for non-payment of tuition and fees if
the student fails to pay the University the check amount due plus a $30.00 returned check fee within ten (10) class days after receiving written notice
and the student's check will be referred to the County Attorney for collection. All check writers whose check is returned will be assessed a $30.00 fee for
