

Latin American/Border Studies Courses

Courses

LABS 5301. Issues in Border Studies.

Issues in Border Studies (3-0) An analysis of selected aspects of the culture, society, politics, government, environment, and economy of the U.S.-Mexico border region. An interdisciplinary academic experience will be conducted through reading and an exploration of data sets available on the region. Students will become familiarized with interaction patterns between Northern Mexico and the U.S. Southwest.
