Teacher Education Courses

Courses

TED 5011. ACP Practicum.
ACP Practicum A course for Alternative Certification Program (ACP) students who are attempting student teaching/internship, general field experience, and/or observations which are part of the requirements for certification to teach.
Department: Teacher Education
0 Credit Hours
0 Total Contact Hours
0 Lab Hours
0 Lecture Hours
0 Other Hours

TED 5119. Graduate Workshop in Education.
Graduate Workshop in Education (1-0) Studies in designated areas. May be repeated for credit when topic varies.
Department: Teacher Education
1 Credit Hour
41 Total Contact Hours
0 Lab Hours
1 Lecture Hour
40 Other Hours

TED 5300. Research for Classroom Teacher.
Action Research for the Classroom Teacher (3-0) Research methodology to address the problems and needs of classroom teachers. Emphasis on interpreting professional literature and practitioner research in educational settings. Prerequisite: TED 5304 with a grade of "B" or better.
Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours
Prerequisite(s): (TED 5304 w/B or better)

TED 5301. Learning Contexts & Curriculum.
Learning Contexts and Curriculum (3-0) Examination of the theoretical frameworks and broad definitions of curricula, processes of curriculum alignment, pedagogy and assessment, State standards, curricular resources, curriculum integration, learning theory and lesson planning.
Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

TED 5302. Manage Student-centered Clsm.
Managing the Student-centered Classroom (3-0) Theory and practice on how to manage instruction and relationships in a student-centered classroom. Emphasis on classroom as communities of learning and on communication skills.
Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

TED 5303. Authentic/Perf Assess Clsm.
Authentic and Performance Assessment in the Classroom (3-0) Authentic and performance assessment practices in the constructivist classroom; use of instruments, such as rubrics, portfolios and individual and group projects as sources of assessment.
Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours
TED 5304. Scholarly Writing for Educ.
Scholarly Writing for Education (3-0) Writing scholarly papers using archival research, documented sources, and electronic databases. Working closely with the instructor and a professor in their area of study, students produce publication quality papers. The courses covers issues of conceptualization, argumentation and evidence, and citation and referencing. It also deals with style, audience, organization, and mechanics, and relies heavily on peer editing and review.

Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

TED 5310. Instructional Design/Methods.
Instructional Design/Methods: This course will provide the foundations of curriculum planning and delivery within the context of PK-12 schooling. The course will include concepts and practices that are critical to effective classroom teaching, including but not limited to: unit planning, lesson planning, standard-based instruction focused on student earning, and assessment. The course is meant to provide research-based approaches and hands-on practice for aspiring teachers seeking certification.

Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Diversity in Educational Settings (3-0) Exploration of the social context of education and teaching in a pluralistic society. Examination of schools and society in relation to historical and contemporary issues of diversity.

Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

TED 5319. Graduate Workshop In Education.
Graduate Workshop In Education (3-0) Studies in a designated area. May be repeated for credit when topic varies.

Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

TED 5320. Teaching Residency I.
Teaching Residency I: This course represents the first of two-part clinical teaching sequence. A part of this course, students will engage in hands-on learning and practice in a PK-12 classroom alongside a mentor teacher. Students will be coached and assessed based on elements of effective planning, instruction, and assessment. This course is required for teacher certification.

Department: Teacher Education
3 Credit Hours
3 Total Contact Hours
0 Lab Hours
3 Lecture Hours
0 Other Hours

Prerequisite(s): (TED 5302 w/C or better AND TED 5310 w/C or better)
TED 5321. **Teaching Residency II.**
Teaching Residency II: This course is the second of a two-part clinical teaching sequence required for teacher certification. As part of this course, students will engage in hands-on learning and practice in a PK-12 classroom with intensive, on-site mentoring and coaching from faculty. The course includes elements of effective planning, instruction, and assessment, with a focus on student learning and achievement.

**Department:** Teacher Education

**3 Credit Hours**
**3 Total Contact Hours**
0 Lab Hours
3 Lecture Hours
0 Other Hours

**Prerequisite(s):** (TED 5320 w/C or better)

**TED 5345. Dual Credit Teaching and Rsch.**
Dual Credit Teaching and Research This course examines local, state, and national issues related to dual credit/dual enrollment. There is a focus on the development of knowledge, skills, and attributes involved in teaching rigorous college-level courses in high school settings.

**Department:** Teacher Education

**3 Credit Hours**
**3 Total Contact Hours**
0 Lab Hours
3 Lecture Hours
0 Other Hours

**Major Restrictions:**
Restricted to majors of CURI

**Classification Restrictions:**
Restricted to class of GR

**TED 5388. Capstone 1: Crit Dis Analysis.**
This course focuses on Critical Discourse Analysis (CDA). It provides an overview of CDA as an approach for critically describing, interpreting, and explaining the ways in which discourses construct, maintain, and legitimize social inequalities. Students will gain knowledge of how linguistic and visual features of text constitute and are constituted by social, cultural and local relations, as well as examine the processes and contexts in which these texts are embedded. This course provide the preparation needed to utilize CDA to complete the Masters Capstone Project in TED 5389/TED 5390.

**Department:** Teacher Education

**3 Credit Hours**
**3 Total Contact Hours**
0 Lab Hours
3 Lecture Hours
0 Other Hours

**TED 5389. Capstone II: DESJ in Ed.**
This course is a culminating experience in the MA in ED - Diversity, Equity, and Social Justice in Education program. It provides students the opportunity to synthesize and apply content knowledge gained through their course of study. Students complete a guided capstone project rooted in their interests/professional experiences, reflecting the wide range of educational topics that the field of Diversity, Equity, and Social Justice in Education encompasses. For students who choose to take TED 5388/TED 5389, earning a grade of “pass” in this capstone course is a requirement for graduation.

**Department:** Teacher Education

TED 6300. Crit Persp in Curri and Instr.
Critical Perspectives in Curriculum and Instruction: This course critically examines how institutionalized power and ideologies shape curriculum and instruction. It focuses on critical theories and research that link the purpose of schooling to a transformative vision of the world. We draw on current philosophical as well as historical perspectives to inform pedagogies by asking whose knowledge is legitimate.

TED 6301. Multilingualism & Academic Dev.
Multilingualism & Academic Development: This course focuses on the role of language acquisition in the academic development of the bi/multilingual and multicultural student. It examines language beyond the practice of signification and looks at the subjectivities of language, with implications of the role of language as a mediator of learning and as a powerful force in the construction of meaning across curricular areas. The course emphasizes theories and research for studying multilingualism across social, historical, and political contexts.

Sociocultural Contexts of Education: This course addresses how social, cultural, and economic relations of power are present in education systems and institutions. Key emphases of this course include how these issues are challenged and reconstructed in formal and informal education. Debates about the goals of public education in a democratic society are explored through anthropological, sociological, and cultural studies approaches to education, focusing on the social structures within which schooling is embedded.

TED 6310. Learning Sciences.
Learning Sciences: Learning sciences represents an interdisciplinary field that examines how people learn to understand, reason, and solve problems in diverse and complex settings. This course will examine how learning sciences has and continues to evolve as a research field that informs practice through the design of effective learning environments across socioculturally mediated contexts. It will engage with foundational field perspectives to interrogate such ideas as the goals of education, learning design features, and social and cultural influences.

Major Restrictions:
Restricted to majors of TLC

TED 6320. Quantitative Research I.
Quantitative Research I (3-0). Introduction to empirical inquiry, including descriptive statistics, methods of inference, and hypothesis testing. Purposes of this course include gaining a basic graduate level understanding of experimental designs and statistical procedures used in education and other social sciences, obtaining the knowledge and skill necessary to be an informed and competent consumer and user of educational research, and ability to competently design a preliminary quantitative research study. Prerequisite: Department Approval.

Prerequisite(s): (TED 6396 w/C or better)

TED 6321. Quantitative Research II.
Quantitative Research II (3-0). An in-depth examination of quantitative research design, data collection, analysis, and interpretation of statistical software (i.e., SPSS) on simulated and real data sets. The course include a brief review of scientific theory building, univariate and multivariate procedures and their applications across relevant experimental designs and educational disciplines along with an emphasis on individual student needs by critically evaluating published research. Student will be required to complete a research proposal and a submission of a research conference paper. Prerequisite: Department Approval.
