

Post-Master's Certificate Neonatal Nurse Practitioner

The Neonatal Nurse Practitioner (NNP) concentration is designed to prepare nurses at an advanced practice entry level to deliver high-quality care in acute care neonatal intensive care units (NICUs). Population focus is preterm neonates (<37 weeks), term neonates, infants, and children up to the age of 2 years and their families. Program study includes evidence-based content in embryology, pathophysiology, assessment, management, and pharmacology focusing on the care of high-risk neonates and infants.

Admission Requirements

- Valid, unencumbered Registered Nurse license
- MSN degree from an accredited college or university in the United States or equivalent education at a foreign institution
- Current resume/CV
- Goal statement

Degree Plan
