

Minor in Human Capital Management

The Undergraduate Minor in Human Capital Management (HCM) requires 12 Semester Credit Hours (SCH) of coursework after prerequisites have been satisfied.

This program offers students a broad application-oriented view of HCM, addressing the role that HR plays in modern organization as much as more complex, dynamic, and strategic element of the investment in human resources. An important part of HCM is the management of employee data, which allows a company to gain deeper insights into employee performance gaps that can be mitigated through better designed and targeted programs.

Admission Requirements

Business and Non-Business students must complete MGMT 3303 Intro-Mgmt/Organizational Beha with a minimum grade of B. Non-business majors must have completed the following courses *prior* to admission with a minimum grade of B: MATH 1320 Math for Social Sciences I.
