

Bachelor of Science in Nursing

As a graduate nurse, you can apply for a position immediately into a variety of settings usually within an acute care hospitals. Nurses are in high demand and the majority of new graduates find gainful employment upon finishing their degree or soon afterwards. After gaining some bedside experiences nurses can work in employee health, home health, telehealth, nursing informatics and school nursing. Nurses can also return to graduate school to obtain a Masters degree in Nursing.

Marketable Skills

Students will develop:

- **Purposeful communication:** Nurses need to effectively communicate patient information to all members of the health care team. By doing so the patient will receive high quality care that is relevant, timely and error free. Nurses also develop communication skills to coordinate care for patient discharge needs to community agencies.
- **Critical thinking and clinical judgement:** Nurses develop critical thinking skills to monitor the health care status of their patients on an ongoing basis. This skill is also necessary to develop clinical judgement which is necessary to prioritize patient care. These are two of the most important skills that nurses need to effectively function in an often fast paced health care environment.
- **Active listening:** Nurses develop sharp listening skills to gain information from patients and their families to formulate a proper plan of care. Nurses also use their listening skills when communicating with all members of the health care team.

Nurses develop effective social skills in order to communicate with patients, families and their peers. Strong social skills are also necessary for congruency in our communication Nurses develop problem solving skills to provide high quality patient care that is appropriate and responsive to patient's conditions.

The undergraduate curriculum provides an innovative, integrated, and conceptual model for teaching and learning wherein critical thinking and decision-making are emphasized.

The curriculum is grounded in the sciences and is focused on addressing nursing and health care across the life span. The degree plan consists of approximately two (2) years of lower-division course work followed by two or more years of upper-division Nursing courses taken at the College of Nursing. The entire program is possible to complete in eight (8) full-term semesters. The curriculum culminates in preceptored courses that include learning and practice with experienced professional nurses in acute care facilities and in community health care settings.

Clinical Compliance Requirements

Students accepted into Phase 3 of the nursing program must meet all clinical clearance requirements. Please refer to Clinical Compliance (<https://www.utep.edu/nursing/resources/clinical-compliance.html>) for specific requirements. *Failure to comply with clinical compliance requirements will result in students being dropped from courses*

Traditional BSN Option

The Traditional BSN option is primarily designed as a pre-licensure entry to professional nursing practice educational program for students pursuing their first baccalaureate degree. However, Students with a pre-existing baccalaureate degree are not precluded from applying to the Traditional BSN Option Phases 2 and 3.

Traditional BSN Option Application Process for Phases 2 and 3

- Completion of the University Core Curriculum (grade of "C" or better is required for each course in the University Core).
- The minimum cumulative GPA to apply is 3.00.
- Completion of the pre-professional courses (PPC)
 - (MATH 1320 (<http://catalog.utep.edu/search/?P=MATH%201320>) Math for Social Sciences I (C) or higher
 - BIOL 1305 (<http://catalog.utep.edu/search/?P=BIOL%201305>) General Biology and BIOL 1107 (<http://catalog.utep.edu/search/?P=BIOL%201107>) Topics in Study of Life I
 - BIOL 2311 (<http://catalog.utep.edu/search/?P=BIOL%202311>) Human Anat/Physiology I (C) and BIOL 2111 (<http://catalog.utep.edu/search/?P=BIOL%202111>) Human Anat/Physio Lab I (C)
 - BIOL 2313 (<http://catalog.utep.edu/search/?P=BIOL%202313>) Human Anat/Physiology II (C) and BIOL 2113 (<http://catalog.utep.edu/search/?P=BIOL%202113>) Human Anat/Physio Lab II (C)

- CHEM 1307 & 1107 General Chemistry (C) or CHEM 1305 (<http://catalog.utep.edu/search/?P=CHEM%201305>) General Chemistry and CHEM 1105 (<http://catalog.utep.edu/search/?P=CHEM%201105>) Laboratory for CHEM 1305
- MICR 2330 (<http://catalog.utep.edu/search/?P=MICR%202330>) Microorganisms and Disease
- HSCI 2302 (<http://catalog.utep.edu/search/?P=HSCI%202302>) Fundamentals of Nutrition
- PSYC 1301 (<http://catalog.utep.edu/search/?P=PSYC%201301>) Introduction to Psychology (C) with a grade of "C" or better.
- Completion of TEAS test (See TEAS Information below)
- Proof of health insurance.

Students who are not admitted to Phase 2 or Phase 3 of the BSN program have the option of transferring to the Bachelor of Multidisciplinary Studies (BMS) program.

Traditional BSN Option Phase 2 Admissions Process

- Apply to Phase 2. Please refer to the Applications and Deadlines website (<https://www.utep.edu/nursing/academic-programs/undergraduate/pre-nursing/applications-deadlines.html>) for more information.
- Admission to Phase 2 is highly competitive.
- Students are ranked for admission based on:
 - Phase 1 pre-professional courses GPA
 - Overall cumulative GPA (minimum GPA to apply is 3.00)
 - Successful completion of the TEAS test (must earn a composite score of 62% or higher)

The Phase 2 nursing courses include:

Code	Title	Hours
NURS 2303	Intro to Nursing Practice	3
NURS 2407	Pharmacology for Nursing	4
NURS 2502	Pathophysiology	5

- Students will be officially notified of admission status by the College of Nursing Office of Student Affairs.

Traditional BSN Option Phase 3 Admissions Process

- Apply to Phase 3. Please refer to the Applications and Deadlines website (<https://www.utep.edu/nursing/academic-programs/undergraduate/pre-nursing/applications-deadlines.html>) for more information.
- Admission to Phase 3 is highly competitive.
- Students are ranked for admission based on:
 - Phase 2 nursing courses GPA
 - Phase 1 pre-professional courses (PPC) GPA
 - Overall cumulative GPA (minimum GPA to apply is 3.00)
 - Successful completion of the TEAS test (must earn a composite score of 62% or higher)
 - Criminal background check (CBC) cleared by the Texas Board of Nursing.

Students will be officially notified of admission status by the College of Nursing Office of Student Affairs.

TEAS Information

- The Test of Essential Academic Skills is an admission requirement for Phases 2 and 3 of the nursing program.
- The TEAS test is an internet-based, multiple-choice exam that assesses a student's abilities in four essential subject areas: reading, math, science, English and language usage.
- Students are required to earn a composite score of 62% or higher.
- The minimum composite score needed for admission to Phase 3 of the nursing program is above proficient level.
- Test scores that are at or above the minimum required score are valid for 5 years.
- The College of Nursing strongly suggests that students take the TEAS while taking the pre-professional courses, but prior to the designated admission cycle to enter the Phase 2 nursing courses. Please refer to the Applications and Deadlines website (<https://www.utep.edu/nursing/academic-programs/undergraduate/pre-nursing/applications-deadlines.html>) for TEAS deadlines .
- The College of Nursing strongly recommends for students to prepare for the TEAS test. Students can purchase the TEAS study material and online practice assessments through ATI Ttesting (<http://www.atitesting.com/>).
- Testing fees are determined by ATI. Testing fees for the TEAS test tend to change every July 1. Please check the ATI Testing website for current TEAS test fees.
- Students can register for the TEAS by logging on to ATI Ttesting (<http://www.atitesting.com/>).

Graduation Requirements

- To be eligible for graduation, a student must have attained a minimum 2.0 Cumulative Grade Point Average (CGPA) in the baccalaureate degree plan and a minimum Grade Point Average (GPA) of 2.0 in the Nursing Major.
- A candidate must successfully complete the prescribed curriculum and must meet all other requirements of the University and the College of Nursing.
- Eligible undergraduate degree candidates must submit a graduation application to the College of Nursing Office of Student Affairs.
- The College of Nursing Office of Student Affairs will review all graduation applications and conduct a final degree audit for each applicant. All graduation applications will be forwarded to the Registrar's Office for processing.
- Graduation fees may be paid through Pete's Payment Options or Student Business Services in the Mike Loya Academic Services Building.
- A late fee will be assessed if the student submits the graduation application after the official submission deadline.

Student Employment

The UTEP College of Nursing Undergraduate program is very rigorous and time-consuming. Students are strongly encouraged to carefully evaluate their personal and employment commitments to maximize their potential for success.

The College of Nursing assumes no responsibility for students' activities outside of the nursing curriculum. Students are personally responsible and liable for any activities conducted while employed. Student liability insurance provided by the University only covers students engaged in approved nursing curricular activities. Individuals who illegally practice nursing may jeopardize their future as licensed professionals.

Students employed in a healthcare agency have the responsibility, personally and professionally, to engage in only those activities that fall within the job description. Further, students have a responsibility to refuse to participate in activities that he or she has not been legally licensed to perform.

Additional Expenses

- Test of Essential Academic Skills (TEAS) including study guide.
- Required dress and equipment for clinical practicums (See CON Undergraduate Handbook).
- Ongoing assessment and testing in preparation for NCLEX-RN licensure examination.
- Health and clinical clearances, including a drug screen and health insurance.
- Background checks.
- Application fee for licensure exam (NCLEX) and Jurisprudence Exam Declaratory.

This list is not all-inclusive and is subject to change.

Nursing Student Organization

All enrolled students are eligible for membership in the Nursing Student Organization, an affiliate of the Texas Nursing Students' Association and the National Student Nurses' Association. The UTEP Chapter has goals consistent with those of the National Student Nurses' Association. Its purpose is to aid in the development of the individual student, the profession of Nursing and the delivery of health care.

Academic Progress

Rigorous study is required to succeed in the Nursing Program. Multiple hours of preparation are required beyond the classroom periods and clinical experiences. Students must be willing to accept this as a condition of succeeding in the program.

A Nursing student must meet or exceed the following minimum requirements for each course in the Nursing curriculum in order to pass that course:

1. Didactic courses without a clinical lab

a. **Students must maintain a minimum average of 75% on didactic course work. This constitutes the didactic evaluation of a course. Achieving less than a minimum average of 75.0% in the didactic portion of the course results in course failure. There is no rounding of grades and fractional points will be dropped. Extra credit is not permitted.**

2. Didactic course with a clinical lab - In addition to meeting the conditions stated in the section above (didactic courses without a clinical lab), the following apply to courses with a clinical or lab component:

a. Clinical or lab related assignments must meet the minimum average of 75.0%. Grades or points given for clinical or lab related assignments are factored into the overall course grade **only** if the student has passed course's exams and/or quizzes with the minimum of 75.0%.

b. Students must pass **both** the didactic and the clinical or lab component of a course. Failure of either component results in failure of the entire course, i.e. failing to meet the clinical or lab requirements results in a failing grade for the entire course regardless of meeting the minimum average of 75.0% for exams and/or quizzes. Likewise, failing the didactic portion of the course results in failure of the entire course regardless of success in the clinical portion.

3. The grading scale is:

100 - 90 = A

89 - 80 = B

79 - 75 = C

74 - 60 = D

< 60 = F

4. Successfully pass the standardized exams associated with courses at or above the level designated by the College of Nursing (Please refer to "Assessment Technologies Institute (ATI) Policy and Procedures" in current SON undergraduate student handbook).

Course Repeat Policy

Repeating a nursing course because of failure or withdrawal is not automatic. The student must request permission from the Assistant Dean of Undergraduate Education and the Assistant Dean for Student Affairs in order to repeat a course. (Please refer to current SON undergraduate student handbook).

Progression

Students must successfully complete all prerequisite courses to progress through the curriculum sequence. Repeating a course disrupts the normal timeline of progression. **Successful completion of a failed course does not guarantee automatic progression into succeeding courses.** Students who vary from the normal timeline are placed in subsequent courses on a space-available basis each semester which include clinical . Successful passing of selected standardized exams at or above a level designated by the College of Nursing is also linked with progression. (Please refer to "Progression policy" in the current SON undergraduate student handbook).

Nursing Course Withdrawal and Repeat Policy

Nursing courses in Phases 2 and 3 may only be attempted twice. A withdrawal from a nursing course that results in a "W" counts as an attempt. Students are not encouraged to withdraw from nursing courses as this impedes progression in the completion of the degree plan, but if a student chooses to withdraw from a course, this should be in writing (refer to the "Progression Policy" in the current Traditional BSN Undergraduate Student Handbook).

Dismissal from the Nursing Program

A student is academically dismissed from the nursing program after failing two nursing courses or after two unsuccessful attempts of the same nursing course. There is no appeal process for dismissals. A formal letter of academic dismissal will be sent to the student by the Associate Dean for Undergraduate Education (refer to the Progression Policy in the Traditional BSN UG Handbook).

Safe and Effective Nursing Practice Policy

All nursing students must perform within the limits of safe practice. A faculty member can remove a student from a clinical site if the student's nursing practice is deemed unsafe as defined in the Safe Practice Policy of the College of Nursing, of which a copy is posted on the College of Nursing website.

Licensure as a Professional Nurse

Graduates seeking licensure must successfully complete the National Council of State Boards of Nursing-Registered Nurse Examination (NCLEX-RN) and the Texas Nursing Jurisprudence Exam which are administered by the Texas Board of Nursing. Graduates must complete the licensure application, which includes criminal background check information. The Assistant Dean for Undergraduate Education will verify the eligibility status of applicants.

All students accepted into Phase 2 are required to submit a Criminal Background Check (CBC) Form to the College of Nursing Office of Student Affairs to submit to the Texas Board of Nursing. The Texas Board of Nursing will process the students' information and eligible students will receive an email from Identogo© to schedule their fingerprinting appointment.

After fingerprinting, the Texas Board of Nursing will issue an initial outcome to the student (blue card or outcome letter). Students with incidents in their background check will be instructed by the Texas Board of Nursing to write a letter of explanation and submit necessary documentation. The initial review may take up to 30 days. Students may be asked to submit a declaratory order and a \$150 fee for cases requiring in-depth investigation by the Enforcement Department. This process may take a minimum of 90 days to send an outcome.

Degree Plan

Required Credits: 120

Code	Title	Hours
Phase 1		
University Core Curriculum		
Complete the University Core Curriculum requirements. (p. 6)		42
Pre-Professional Prerequisites (All courses require a grade of C or better)		
(the PPC GPA is the first criterion used for ranking for Phase 2)		
Required Courses:		
BIOL 1305 & BIOL 1107	General Biology and Topics in Study of Life I	4
BIOL 2311 & BIOL 2111	Human Anat/Physiology I and Human Anat/Physio Lab I	4
BIOL 2313 & BIOL 2113	Human Anat/Physiology II and Human Anat/Physio Lab II	4
Chemistry:		
Select one of the following:		4
CHEM 1305 & CHEM 1105	General Chemistry and Laboratory for CHEM 1305	
CHEM 1307 & CHEM 1107	Intro to General Chemistry and Intro General Chemistry Lab	
Mathematics:		
Select one of the following:		3-5
MATH 1320	Math for Social Sciences I	
MATH 1411	Calculus I	
MATH 1508	Precalculus	
Required:		
		9
HSCI 2302	Fundamentals of Nutrition	
MICR 2330	Microorganisms and Disease	
PSYC 1301	Introduction to Psychology	
Phase 2		
Requirements to apply to		

1. A minimum overall GPA of 3.00 is required.
2. A minimum TEAS-VI score of 62 is required.
3. Students must apply at the beginning of their last semester of completing Phase 1.
4. Students enrolled in the last semester of Phase 1 at the time of selection may be conditionally accepted pending successful completion of Phase 1.

5. Phase 1 must be complete to progress to Phase 2.

6. Last semester of completing Phase 1 must be at the University of Texas at El Paso to be eligible to rank.

7. Students will be officially notified of admission status by the School of Nursing, Office of Student Affairs.

8. Applicants transferring from another school of nursing must provide a letter from the Dean/Director of that school stating that she/he is in good academic standing and eligible for progression in that program.

Students who are not admitted to Phase 2 or Phase 3 of the BSN program have the option of transferring to the Bachelor of Multidisciplinary Studies (BMS) program. All courses in the BSN degree plan students have passed with a D or better, with the exception of University Core courses which require a C or better, will be applied toward a BMS degree.

Phase 2 Nursing: If selected, students will be approved to take the following nursing courses (11 credit hours):

Nursing Professional Courses (All courses listed require a grade of C or better)

Ranking criteria: Phase 1 pre-professional courses GPA, overall GPA, TEAS score

-The first criterion used for ranking to Phase 3 is the overall GPA of Phase 2 (NURS 2303, NURS 2502, and NURS 2407.)

-A minimum overall GPA of 3.00 is required to apply to Phase 2.

Required Courses:

NURS 2303	Intro to Nursing Practice	3
NURS 2407	Pharmacology for Nursing	4
NURS 2502	Pathophysiology	5

Phase 3

If selected, students will be approved to take the nursing professional courses.

Ranking criteria: Phase 2 nursing courses, Phase 1 pre-professional courses GPA, overall GPA, TEAS score

-A minimum overall GPA of 3.00 is required to apply to Phase 3.

-A complete Titer Lab Report

-The College of Nursing will require a cleared criminal background check by the Texas Board of Nursing to be eligible to rank for Phase 3.

-Nursing professional courses

5th Semester		12
NURS 3214	Evidence Based Research	2
NURS 3301	Health Assessment	3
NURS 3704	Fundamentals of Nurs Practice	7
6th Semester		13
NURS 3205	Nursing Inform. & Resea. Util.	2
NURS 3300	Mental Behavioral Health Nurs	3
NURS 3709	Adult Health Nursing I	7
7th Semester		13
NURS 4608	Nurs Care of Child & Child Fam	6
NURS 4714	Adult Health Nursing II	7
8th Semester		13
NURS 4306	Transition to Professional Pr	3
NURS 4511	Population Focused Care	5
NURS 4412	Senior Practicum	4
NURS 4133	Senior Seminar	1

1 hour of a nursing elective will be required of students who transferred NURS 2307 (3 credit hours) prior to Spring 2017.

Total Hours **120**

University Core Curriculum

The department may make specific suggestions for courses which are most applicable towards your major.

All courses require a C or better

I. Communication (six hours)

Code	Title	Hours
Courses in this category focus on developing ideas and expressing them clearly, considering the effect of the message, fostering understanding, and building the skills needed to communicate persuasively. Courses involve the command of oral, aural, written, and visual literacy skills that enable people to exchange messages appropriate to the subject, occasion, and audience.		
Select six hours of the following:		6
For students whose secondary education was in English:		
COMM 1611	Written and Oral Communication	
ENGL 1313	Writing About Literature	
RWS 1301	Rhetoric & Composition I	
RWS 1302	Rhetoric & Composition 2	
RWS 1601	Rhetoric, Composition & Comm	
For students whose secondary education was not in English:		
ESOL 1311	Expos Engl Compos-Spkr Esl	
ESOL 1312	Res & Crit Writng Spkr Esl	
Total Hours		6

II. American History (six hours)

Code	Title	Hours
Courses in this category focus on the consideration of past events and ideas relative to the United States, with the option of including Texas History for a portion of this component area. Courses involve the interaction among individuals, communities, states, the nation, and the world, considering how these interactions have contributed to the development of the United States and its global role.		
HIST 1301	History of U.S. to 1865	3
HIST 1302	History of U.S. Since 1865	3
Total Hours		6

III. Language, Philosophy & Culture (three hours)

Code	Title	Hours
Courses in this category focus on how ideas, values, beliefs, and other aspects of culture express and affect human experience. Courses involve the exploration of ideas that foster aesthetic and intellectual creation in order to understand the human condition across cultures.		
Select one of the following:		3
AFST 2300	Intro-African Amer Studies	
CHIC 2302	Latina/o Presence in the U.S.	
ENGL 2311	English Literature	
ENGL 2312	English Literature	
ENGL 2313	Intro to American Fiction	
ENGL 2314	Intro to American Drama	
ENGL 2318	Intro to American Poetry	
FREN 2322	Making of the "Other" Americas	
HIST 2301	World History to 1500	
HIST 2302	World History Since 1500	
PHIL 1301	Introduction to Philosophy	
PHIL 2306	Ethics	
RS 1301	Introduct to Religious Studies	
SPAN 2340	Seeing & Naming: Conversations	
WS 2300	Introduction to Womens Studies	
WS 2350	Global Feminisms	
Total Hours		3

IV. Mathematics (three hours)

Code	Title	Hours
Courses in this category focus on quantitative literacy in logic, patterns, and relationships. Courses involve the understanding of key mathematical concepts and the application of appropriate quantitative tools to everyday experience.		

Select one of the following:		3
MATH 1309	College Algebra	
MATH 1310	Trigonometry and Conics	
MATH 1319	Math in the Modern World	
MATH 1320	Math for Social Sciences I	
MATH 1411	Calculus I	
MATH 1508	Precalculus ^{1,2}	
MATH 2301	Math for Social Sciences II	
STAT 1380	Statistical Literacy	
STAT 2480	Elementary Statistical Methods	

1 A higher-level course in the calculus sequence can be substituted.

2 TCCN MATH 1314 will also satisfy this requirement.

Total Hours **3**

V. Life & Physical Sciences (six hours)

Code	Title	Hours
------	-------	-------

Courses in this category focus on describing, explaining, and predicting natural phenomena using the scientific method. Courses involve the understanding of interactions among natural phenomena and the implications of scientific principles on the physical world and on experiences.

Select one of the following:		1-4
ASTR 1107	Astronomy Lab I	
ASTR 1307	Elem Astronomy-Solar System	
ASTR 1308	Elem Astr Stars & Galaxies	
BIOL 1103	Introductory Biology Lab	
BIOL 1104	Human Biology Laboratory	
BIOL 1107	Topics in Study of Life I	
BIOL 1108	Organismal Biology Laboratory	
BIOL 1203	Introductory Biology	
BIOL 1304	Human Biology	
BIOL 1305	General Biology	
BIOL 1306	Organismal Biology	
BIOL 2111	Human Anat/Physio Lab I	
BIOL 2113	Human Anat/Physio Lab II	
BIOL 2311	Human Anat/Physiology I	
BIOL 2313	Human Anat/Physiology II	
CHEM 1105	Laboratory for CHEM 1305	
CHEM 1106	Laboratory for CHEM 1306	
CHEM 1107	Intro General Chemistry Lab	
CHEM 1108	Intro Organic & Biochem Lab	
CHEM 1305	General Chemistry	
CHEM 1306	General Chemistry	
CHEM 1307	Intro to General Chemistry	
CHEM 1308	Intro Organic & Biochemistry	
ESCI 1101	Environmental Sci. Lab	
ESCI 1102	Non-major Lab for ESCI 1301	
ESCI 1202	Intro to Environment Science 2	
ESCI 1301	Intro to Environmental Sci	
GEOG 1106	Laboratory for GEOG 1306	
GEOG 1306	Physical Geography

PHYS 2121	Laboratory for PHYS 2321
PHYS 2320	Introductory Mechanics
PHYS 2321	Introductory Electromagnetism

Total Hours 6

VI. Political Science (six hours)

Code	Title	Hours
------	-------	-------

Courses in this category focus on consideration of the Constitution of the United States and the constitutions of the states, with special emphasis on that of Texas. Courses involve the analysis of governmental institutions, political behavior, civic engagement, and their political and philosophical foundations.

Required Courses:

POLS 2310	Introduction to Politics	3
POLS 2311	American Gover & Politics	3

Total Hours 6

VII. Social and Behavioral Sciences (three hours)

Code	Title	Hours
------	-------	-------

Courses in this category focus on the application of empirical and scientific methods that contribute to the understanding of what makes us human. Courses involve the exploration of behavior and interactions among individuals, groups, institutions, and events, examining their impact on the individual, society, and culture.

Select one of the following: 3

ANTH 1301	Intro-Phys Anth/Archeolog
ANTH 1302	Intro-Cultural Anthropology
ANTH 1310	Cultural Geography
